

Welcome to the Old Mill District Casting Course

The Old Mill District was the first permanent casting course of its kind in the country.

It was designed for anglers of all skill levels by FFF Master Certified Casting Instructor Hutch Hutchinson.

This 5-hole course will help anglers at every level perfect their techniques for greater success on the water.

Each hole has challenges for all skill levels:

Level 1 (Beginner) **Level 2** (Advanced) **Level 3** (Expert)

We hope you enjoy it and good luck!

This course was made possible by Bill Smith. His vision of transforming the Brooks-Scanlon Mill site into the vibrant Old Mill District has opened access to 14,000 lineal feet of river once closed to the public for over eighty years. This project received the EPA's Phoenix Award for Region 10 in 2002 for Brownfield Redevelopment.
